The Housing authority of the City of Elizabeth is a successful authority in an urban environment. The Authority runs many different programs designed to enhance the potentials and living accommodations of its residents. The cornerstone program is a 90 million-dollar HOPE VI program. Under HOPE VI 650 units of obsolete public housing will be demolished producing a new neighborhood of 557 townhouse structure type units. Additionally residents of the effected complexes will receive self-sufficiency classroom training and related supportive services.

The authority has five other complexes within its inventory, all of which have undergone substantial modernizational work, including 504 rehabilitation, during the past recent years.

- X Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- X Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- X Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

	Other ((lıst	be	low))

HACE received its first Replacement Housing Factor (RHF) funding in FY2004 in the amount of \$953,628.00. The RHF plan was submitted to the Newark Field Office in October 2004. This plan has been approved.

HACE proposes to use its RHF Grant allocation to implement a mixed-finance development program by leveraging the five allocations of the First Increment FY'04 RHF Grant to develop new mixed-income residential housing. New public housing units developed under the FY'04 Grant will be part of a mixed-income smart growth development strategy targeting infill sites in and near the City of Elizabeth's central business districts. HACE envisions targeting these funds towards one mid-size project or two small projects depending on the availability of developable land parcels and the needs of the local housing market.

With submission of this RHF Plan, HACE requests a waiver of the obligation and expenditure requirements attached to Capital Fund allocations so that HACE may accrue these funds over the five period the First Increment RHF Grant will be allocated to HACE.

HACE has learned that achieving a mix of incomes through housing developments requires intimate knowledge of the local housing market. thoughtful site selection, creative financing, and efficient management of the development process. HACE proposed the following type of development:

A.	Total Units: 80 units of which 45% will be ACC units

9a. PHA Progress on meeting 5-year Missions and Goals

The PHA met its goals in the five year providing safe, affordable and decent housing. The HOPE VI project is successfully on target and the Section 8 program is functionally well after a significant build-up. Capital Fund expenditures and obligations are proceeding in timely fashion.

(Mravlag Manor)

Parking Patrol was a concern. Guests of residents often take parking slots available to residents, leaving residents with no on site parking.

A contract with local towing company was agreed on to enforce parking rules and to post signs in and around parking lots prohibiting parking for anyone without a permit and the towing company's phone number clearly legible on sign.

Everyone should have a new mailbox.

Would like a Community Service Representative that could assist residents of all sites with filling out forms for benefits, i.e. Social Security, lifeline, etc.

Would also like transportation at all sites to drive residents to & from doctor's appointment, shopping, etc.

Implementation of a "Beautification Process" would be greatly appreciated by all (plants, flowers, etc.)
